Director, Natural Resource Trustee
Ohio Environmental Protection Agency
Lazarus Government Center
122 S. Front St
Columbus, OH 43215

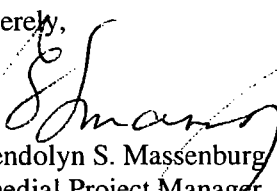

Re: Chemical Recovery Systems (CRS), Inc Draft Final Proposed Plan

Dear Mr. Koncelik:

Enclosed for your review and comments is the re-draft of the final Proposed Plan. Please review the draft Proposed Plan and submit any comments to me on or before COB Friday, May 18, 2007. As you will see the selected remedy changed from the remedy sent to you on September 22, 2006. The old remedy was a soil cover with an impermeable membrane on the 0.5-acre northwest portion of the site; to a partial excavation and removal on that same northwest portion of the site with a soil cover.

If you have any questions or need additional information, please do not hesitate to contact me.

Sincerely,

Gwendolyn S. Massenburg
Remedial Project Manager
